

Peaceful Valley Donkey Rescue Employment Policies

Code Of Conduct

Why do we have a code of conduct?

The purpose of this Code of Conduct (the Code) is to let you know the standards of conduct and business ethics we expect from employees, trustees, and volunteers of Peaceful Valley Donkey Rescue (PVDR).

If you violate any portion of the Code, or you let someone else violate the Code, or you fail to report someone violating the code, you will be subject to disciplinary action and in extreme cases you will be fired.

The Code applies to immediate family and in-laws as it relates to PVDR business. While we know you may not be able to control or influence what they do, it is the responsibility of trustees, volunteers and employees to fully disclose any matter that would violate the Code.

This Code of Conduct isn't designed to cover every possible situation. It does, however, clearly lay out the principles and ethics we expect from PVDR employees, volunteers, and trustees. You are responsible for reading and understanding everything in this document. If you have questions please contact the Fraud and Risk committee for clarification.

Communications.

We expect all communications to be accurate and complete. This includes phone calls, emails, voicemail, Facebook, Twitter, and any other way of communicating we end up using.

Only the Executive Director and certain Trustees are authorized to publicly communicate information about the operations and business conditions of PVDR. When they do so their communications must be complete, fair, accurate, and timely.

Communications with the press are only to be done by the Executive Director or by employees with prior authorization from the Executive Director.

Playing Fair.

We treat our donors, fellow employees, volunteers, suppliers, contractors, trustees, and anyone else we do business with fairly. We do not take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresenting the truth, or any other unfair practice.

Conflicts of Interest.

A conflict of interest occurs when your private interests interfere or appear to interfere with the interests of PVDR. Employees, volunteers, and Trustees may not conduct PVDR business when there is a conflict of interest. Specifically:

1. Employees, volunteers, and Trustees may not do business with any individual, company, or organization in which they have a financial interest. This includes

individuals, companies, or organizations in which your friends or relatives have an interest.

2. There may be times when it is in the best interest of PVDR to do business with someone you are related to or are friends with. In those cases employees must:
 - a. Get authorization from the Executive Director before entering into any business arrangement
 - b. Ensure that PVDR is receiving competitive pricing and competitive products/services

Gifts.

PVDR employees, volunteers, and Trustees may receive gifts of nominal value (less than \$20) from vendors and contractors. Gifts of greater value must be declined, returned, and reported to the Executive Director.

Electronic Mail and Internet Use.

All electronic mail, Internet and Intranet facilities provided by PVDR are the property of PVDR and are to be used primarily for business purposes. Limited personal use of electronic media is acceptable, as in the case of personal telephone calls, but only when used responsibly and when the privilege is not abused.

- You should not expect anything you do on a PVDR computer to be private.
- You should not expect any emails using your PVDR email address to be private.
- PVDR reserves the right to monitor, review and disclose your emails.

Additionally, you may not use PVDR computers or your PVDR email address for viewing porn, sending hate mail, participating in political discussions or any other non-PVDR business (with the exceptions noted above).

Use of PVDR Assets.

PVDR assets (for example vehicles, trailers, and computers) are to be used for PVDR business and may not be used for personal business. This includes:

1. Using PVDR assets (trucks, trailers, computers, etc.) for side jobs, side businesses, or any other non-rescue related activity.
2. Running personal errands with PVDR vehicles. It is permissible to combine personal errands with PVDR-related errands as long as the personal errands are reasonable and do not make up the majority of the trip.

WHISTLEBLOWER POLICY

General

Peaceful Valley Donkey Rescue's Code of Ethics and Conduct ("Code") requires trustees, officers, and employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of the organization, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

Reporting Responsibility

It is the responsibility of all directors, officers, and employees to comply with the Code and to report violations or suspected violations in accordance with this Whistleblower Policy.

No Retaliation

No director, officer, or employee who in good faith reports a violation of the Code shall suffer harassment, retaliation, or adverse employment consequence. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable employees and others to raise serious concerns within the organization prior to seeking resolution outside the organization.

Reporting Violations

The Code addresses the organization's open-door policy and suggests that employees share their questions, concerns, suggestions, or complaints with someone who can address them properly. In most cases, an employee's supervisor is in the best position to address an area of concern. However, if you are not comfortable speaking with your supervisor or you are not satisfied with your supervisor's response, you are encouraged to speak with someone in the human resources department or anyone in management who you are comfortable approaching. Supervisors and managers are required to report suspected violations of this Code of Conduct to the organization's compliance officer, who has specific and exclusive responsibility to investigate all reported violations. For suspected fraud, or when you are not satisfied or uncomfortable with following the organization's open-door policy, individuals should contact the organization's compliance officer directly.

Compliance Officer

The organization's compliance officer is responsible for investigating and resolving all reported complaints and allegations concerning violations of the Code and, at his or her discretion, shall advise the chief executive and/or the audit committee. The compliance officer has direct access to the audit committee of the board and is required to report to the audit committee at least annually on compliance activity. The organization's compliance officer is the chair of the audit committee.

Accounting and Auditing Matters

The audit committee of the board shall address all reported concerns or complaints regarding corporate accounting practices, internal controls, or auditing. The compliance officer shall immediately notify the audit committee of any such complaint and work with the committee until the matter is resolved.

Acting in Good Faith

Anyone filing a complaint concerning a violation or suspected violation of the Code must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation of the Code. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

Handling of Reported Violations

The compliance officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within 5 business days. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation.

Anti-Discrimination Policy

Peaceful Valley Donkey Rescue (PVDR) is an “equal opportunity employer”. PVDR will not discriminate and will take “affirmative action” measures to ensure against discrimination in employment, recruitment, advertisements for employment, compensation, termination, upgrading, promotions, and other conditions of employment against any employee or job applicant on the bases of race, creed, color, national origin, or sex.

Anti-Harassment Policy

Peaceful Valley Donkey Rescue is committed in all areas to providing a work environment that is free from harassment. Harassment based upon an individual's sex, race, ethnicity, national origin, age, religion or any other legally protected characteristics will not be tolerated. All employees, including supervisors and other management personnel, are expected and required to abide by this policy. No person will be adversely affected in employment with the employer as a result of bringing complaints of unlawful harassment. All complaints should be brought to the attention of the Executive Director. If the Executive Director is involved in the complaint, the Board of Trustees should be contacted.

Grievance Procedure

If an employee feels that inappropriate corrective action has been taken against him/her, and the employee has been unable to resolve the matter informally by speaking with the supervisor, the employee may file a written grievance with the Executive Director within 10 business days of the taking of the action. The Executive will conduct an investigation of the incident, where appropriate, and will generally provide a written response to the employee within 20 business days. If more time is needed to respond to the complaint, the person filing the complaint will be so notified. The decision of the Executive Director is final.

If the Executive Director is the employee's immediate supervisor, the written complaint must be submitted to the Chairman of the Board of Trustees who will follow the same procedures outlined above. In such cases, the decision of the Chairman is final.

The filing of a grievance does not operate to suspend the action being complained of. For instance, if the employee is complaining that he/she was unfairly suspended without pay, he/she will remain suspended without pay for the period initially determined, unless and until the Executive Director reverses the decision leading to the suspension. Similarly, Peaceful Valley Donkey Rescue has no obligation to keep a terminated employee on the payroll or enrolled in any benefits not ordinarily available to terminated employees, pending completion of the grievance process.

Disaster Plan

Barn Fire

Safety Measures:

- Verify that all volunteers are trained in the use of Fire Extinguishers, that Fire Extinguishers are located in the appropriate and conspicuous space, and that they are inspected monthly by the VP of On-site Operations.
- Store machinery and flammable materials well outside the barn or any area where animals may be located.
- Inspect electrical systems regularly and immediately correct any problems. Rodents can chew on electrical wiring and cause damage that quickly becomes a fire hazard.
- Keep appliances to a minimum in the barn. Use stall fans, space heaters, and radios only when someone is in the barn.
- Store only two days worth of hay in the stabling area, and make sure the hay is clean and dry before placing it in the barn. Sweep up all hay fines at each replacement.
- Prohibit smoking in or around the barn. A discarded cigarette can ignite dry bedding or hay in seconds.
- Avoid parking tractors and vehicles in or near the barn. Engine heat and backfires can spark a flame.
- Store other machinery and flammable materials outside the barn.

Preparation:

- Keep aisles, stall doors, and barn doors free of debris and equipment.
- Mount fire extinguishers around the stable, especially at all entrances, and have them clearly marked.
- Post emergency telephone numbers at each telephone and at each entrance. Emergency telephone numbers should include those of the Executive Director, of VP On-Site Operations, Veterinarian, emergency response, and the full address of the barn for emergency dispatch.
- Be sure the address at the entrance to the rescue is clearly visible from the main road.

In the event of a barn fire

- Immediately call 911 or your local emergency services.
- If the fire is small or contained, use Extinguishers or water to extinguish or prevent spread.
- Apply Extinguisher or water from an open area toward the fire source, never from the fire source to an open area which can spread flames further.

- Do not enter the barn if it is already engulfed in flames.

If Evacuation Occurs:

- If it is safe for you to enter the barn, evacuate animals one at a time starting with the most accessible ones.
- Never let animals loose in an area where they are able to return to the barn.
- Place a minimum of a lead rope on each horse when you open the stall door.
- Move them to the paddocks in front of the barn.
- Call Veterinarian for emergency exam of all exposed animals.

Tornado**Safety Measures:**

- As much as possible, store all moveable debris or equipment in a secure area following daily use.
- Inspect buildings, windows, roofing, and gutters every six (6) months for safety.
- Annually assess stream, bridge, and culvert drainage for proper function, blockage, and stability.

- Be sure the address at the entrance to the rescue is clearly visible from the main road.

In the event of a Tornado

- Place all donkeys in pastures, preferably with no trees or potential debris.
- Document herd count of any fields prior to start of storm and immediately at end.
- Visually check each donkey for injury or stress, and call Veterinarian if required.

Evacuation:

Evacuation would not be practical.

Electrical Outage**Safety Measures:**

- Move the emergency generator to Well #1 and plug into the well cord.
- Maintain fuel powered portable generators and safety check once monthly.

Preparation:

- Fill fuel tanks of all vehicles, tractors, generator, and portable fuel tanks.
- Start all generators and chain saws and inspect for performance and safety.
- Notify volunteer staff of potential increased need.

In the event of an electrical outage:

- Utilize generators to power well pumps as a primary priority, and refrigerated drugs as a secondary priority.
- Fill all available water tanks.
- In the event of generator and/or well pump failure, use the backup emergency generator.
- Document herd count of any fields daily and monitor for appropriate water supply.
- Visually check each donkey for injury or stress daily, and call Veterinarian if required.

Evacuation:

Evacuation would not be practical.

Flood**Safety Measures:**

- Be sure the address at the entrance to the rescue is clearly visible from the main road.

In the event of a flood

- Determine by forecasts if donkeys will shelter inside or outside.
- Move donkeys to paddocks, do not leave any in Fields 4 or 5.
- Document herd count of any fields prior to start of storm and immediately at end.
- Visually check each horse for injury or stress, and call Veterinarian if required.

Evacuation:

Evacuation would not be practical.
